

GIRL BABY'S AWFUL ECZEMA

**Sight of Eye Destroyed by Disease—
Tried Five Doctors but Grew
Worse—In Agony Eight Months—
—Parents Discouraged, Until
They Tried Cuticura Remedies—
—
IN ONE WEEK ALL
SORES DISAPPEARED**

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, at sooth that the teeth were through and she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellowish greenish mass. We called in doctor No. 4, help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor

Now, I said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego, New York, and we saw a specialist. The night was gone, but that he could help it. We thought we would try doctor No. 2. Well, that proved the same, only he charged \$10 more than doctor No. 1. So we went to doctor No. 3. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set. I used it for three days, and my mother paid me \$1 and in three days my daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. I could not see the doctor any more, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for the treatment of impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott.

N. F. D. No. 9, Fulton, Oswego Co.,
N. Y., August 17, 1906."
